

JESUS IS YOUR HEALER

This Is Where Healing Begins

There are moments when God begins to move intentionally in a person's life. But when God moves in healing, He does not start with your physical body.

He starts with your alignment with Him. Because until you see Him as your Healer, you will continue to look for answers that cannot fully restore you. **Healing is not something God does occasionally. It is part of who He is.**

What Heaven Requires for Healing

01

You Must See Jesus as Your Healer

Healing is not uncertain. It has already been provided.

By His stripes we are healed.
— Isaiah 53:5 NKJV

02

Faith Must Be Activated

Faith is not passive—it responds.

"According to your faith let it be to you."
— Matthew 9:29 NKJV

03

Agreement Unlocks Movement

There is power when you come into alignment with heaven.

"If two of you agree on earth...it will be done." — Matthew 18:19 NKJV

04

Jesus gave instruction before manifestation.

God will not release what you are not prepared to steward.

"Rise, take up your bed and walk."
— John 5:8 NKJV

"I am the LORD who heals you."

— Exodus 15:26 NKJV

Your Moment of Healing Alignment

This is the point where many stay stuck. They pray for healing, but remain in fear, doubt, or hesitation.

Acknowledge Jesus as Your Healer

→ Not just Savior—but Healer.

Come Into Agreement

→ With His Word, not your symptoms.

Take a Faith Step

→ Healing often follows response.

A Word for You in This Season

If you have been...
Carrying pain
Waiting for answers
Living with sickness

Do not assume nothing is happening. God may be positioning you for a moment of alignment.

Where fear is broken. Where faith rises. Where agreement is established. This is not a time to withdraw. This is a time to engage. Because when you align with what heaven has already released, healing is no longer distant. It becomes accessible.

Prayer of Alignment

*Father,
I come into alignment with Your Word.
Jesus, You are my Healer. I reject fear,
doubt, and delay. I come into agreement
with what You have already finished.*

*Heal my body.
Restore what is out of order.
Make whole what has been broken.
I receive by faith what You have provided.*

*In Jesus' name,
Amen.*
